TIGER Drylac® Powder Coatings

Aftermarket Color Card

Designed for Automotive Applications

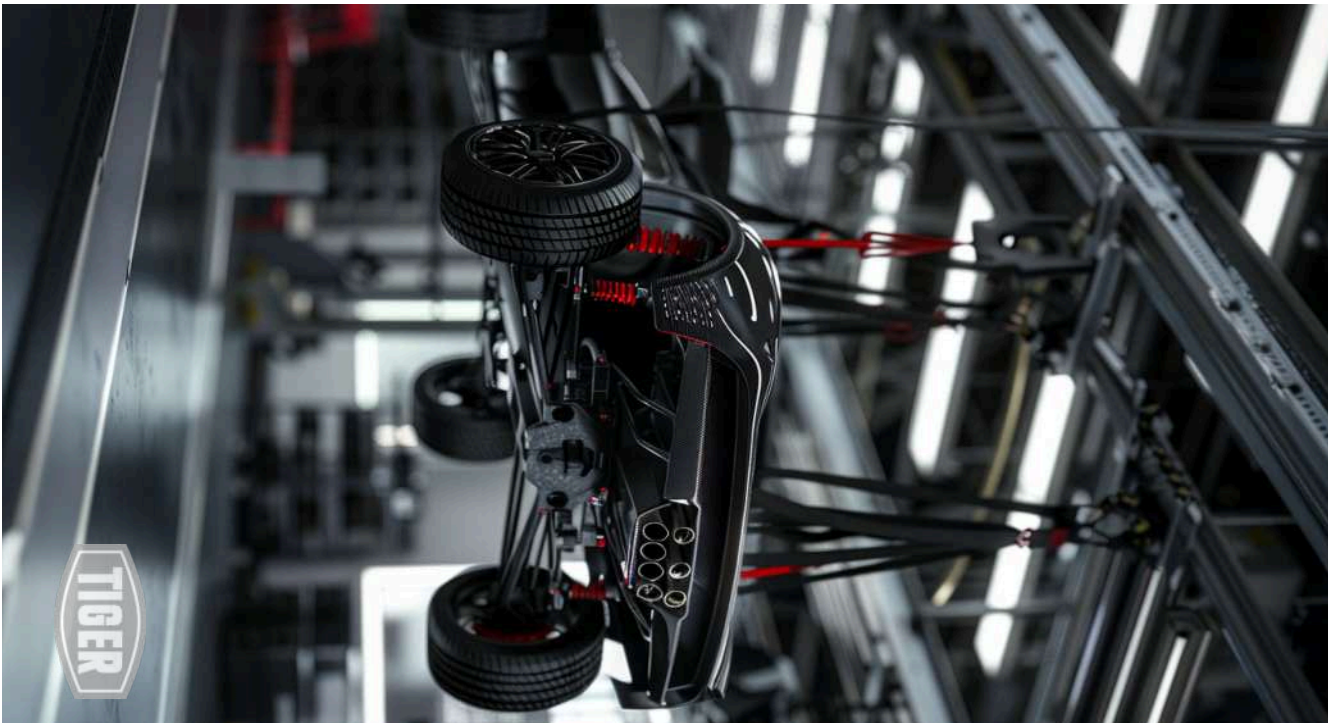
TIGER Automotive Aftermarket Collection

Built for performance, designed for impact — TIGER Drylac® introduces its expanded Automotive Aftermarket Series.

A complete selection of durable powder coatings in bold tones and high-performance effects for every custom and component finish.

TIGER's Automotive Collection

Finishes That Drive Performance.



Built to Coat. Designed to Endure.

TIGER Drylac powder coatings can be used around an entire vehicle.

Suspension: brakes, control arms, springs, shocks

Performance: intakes, filters, engine covers

Trims and accessories: roof racks, running boards, bumpers, fenders, tow hooks

Wheels: aluminum and steel wheels for aftermarket applications

Where Finish Meets Function.

bitly

TIGER Drylac® has decades of experience in the automotive aftermarket industry.

Since introducing the RAL color system to the North American market in 1985, we have performed thousands of precision color matches in our laboratories and pioneered innovations that continue to shape the industry today.
